# PRESS RELEASE

## Futurecom Systems Group, ULC in Partnership with Motorola Solutions, Inc. Announces New VRX1000 VEHICLE RADIO EXTENDER

New Orleans, August 4, 2014: Futurecom Systems Group, ULC in partnership with Motorola Solutions, Inc. today announced the introduction of the VRX1000, a new vehicle radio extender product line that offers portable radio coverage extension for public safety agencies and utilities.

The VRX1000 is a compact 3 watt simplex radio extender available in VHF, UHF, 700 MHz and 800 MHz bands and can be configured for cross-band or in-band operation. The VRX1000 is compatible with APX™4500, APX™6500 and APX™7500 series mobile radios. Being fully upgradable from an analog only extender to a full P25 trunking extender makes the VRX1000 the only product in the market place to give customers the flexibility as they upgrade their systems.

“Public safety agencies are telling us that they are seeking a cost effective vehicle radio extender that can stand up to the most demanding environment. By working closely with Motorola Solutions we have developed the VRX1000. Together our 3W simplex VRX1000 and our 10W full duplex DVRS product lines provide total portable radio coverage solutions.” said Paul Halinaty Futurecom CEO.

Futurecom will be showcasing the VRX1000 at the 80<sup>th</sup> Annual Association of Public Safety Communications Officials Exposition and Conference in New Orleans, LA. Booth #434 from August 4-5<sup>th</sup>, 2014.

The 700 MHz and 800 MHz versions of the VRX1000 will be shipping in the fourth quarter of 2014. The VHF and UHF versions will be available in the first half of 2015.

Headquartered in Concord, ON, Futurecom Systems Group, ULC is a leader in the design and manufacture of RF coverage extension products for public safety customers. Futurecom's customers include major radio equipment OEMs, public safety users, utilities, integrators and two-way radio dealers. Futurecom is owned by McWane Inc., a family-owned business located in Birmingham, AL. McWane is one of the world's largest manufacturers of iron water works and plumbing products, and one of America's largest privately owned companies.
